Greetings! Looking for a great way to spend a fun day with the kids that doesn't break the bank? At The Great Dairy Adventure on Wednesday, July 23rd, kids will have loads of fun learning about cows, milk and how milk gets from the cow to the table.

Cow milking, coloring projects and milk mustache photos are just some of the things to entertain kids as they explore the wild world of dairy. Free ice cream treats, giveaways, drawings and contests will also be included in this adventuresome day! So pack up the kids and the picnic basket and head out to the Pavilion for a fun-filled day of learning about the dairy world.

From toddlers to teenagers, there is something for everyone. Daycare teachers/leaders will receive packets stuffed with nutrition education materials that provide information on the benefits of consuming milk for the bone-building calcium and other essential nutrients that growing bodies need.

Admission and all activities are free for kids and adults of all ages. Picnic areas will be set up on the lawn around the Pavilion and concessions are available. Activities will take place inside the Pavilion and all events are handicapped accessible. There will be great photo opportunities so don't forget the camera!

The Great Dairy Adventure is part of the Michigan Dairy Expo. Hundreds of cows and their owners will take part in the four-day Expo beginning July 21st. Students from Future Farmers of America chapter and 4-H clubs around the state will take part in skills contests during the event.
